

INTERNSHIP AND GRADUATE TRAINEE ANNOUNCEMENT

TANZANIA

WHO WE ARE

The East African Crude Oil Pipeline (EACOP) project is a Midstream development located across Uganda and Tanzania that includes a nearshore Marine Storage and Export Terminal (MST). Once completed, the EACOP Company will operate the East African Crude Oil Pipeline, a 1,443 km long, thermal insulated crude oil export pipeline that transports oil from Kabaale - Hoima in Uganda to the Chongoleani Peninsula near Tanga Port in Tanzania for crude export to the international market.

THE AIM

The EACOP internship and graduate programs focus on cultivating intern talent by providing hands-on experience and industry exposure. These programs support local content by engaging young professionals in various departments, enhancing their technical and professional skills. This initiative contributes to regional socio-economic growth and ensures sustainable development within the East African energy sector.
